COBIT 5 Foundation v1.0

About this course:

COBIT 5 is the only business framework for the governance and management of enterprise IT. It is the product of a global task force and development team from ISACA, a nonprofit, independent association of more than 140,000 governance, security, risk and assurance professionals in 187 countries. COBIT 5 provides a

comprehensive framework that assists enterprises in achieving their objectives for the governance and management of enterprise IT. It helps enterprises create optimal value from IT by maintaining a balance between realizing benefits, and optimizing risk levels and resource use. This course also prepares the students for the [COBIT 5 Foundation Exam](#).

The average salary for COBIT Certified is **\$71,418** per year.
