**Course Duration: 40 Hours**

## **Implementing Cisco Collaboration Cloud and Edge Solutions (CLCEI) v1.0 - On Demand**

### **Course Information**

#### **About this course:**

This course provides you the knowledge about Cisco Expressway Series solutions

enabling remote access, authentication options, business-to-business (B2B) calls, Cisco Mobile, and additional Cisco Expressway Series features.

You will learn how to leverage collaborative technology to access secure, collaborative work supports including video, voice, content, and remote workloads with the help of thorough lessons and hands-on labs. Upon completing this course you will be prepared for the Implementing Cisco Collaboration Cloud and Edge Solutions (300-820 CLCEI) exam.

## **Course Objective:**

After taking this course, you should be able to:

- Describe how to secure B2B communication with Cisco Expressway Series
- Describe the Mobile and Remote Access (MRA) feature
- Describe the Cisco Expressway MRA security and integration options, including integration with Cisco Unity® Connection and Cisco Instant Messaging and Presence (IM&P)
- Configure Cisco Webex® Hybrid Services
- Configure and troubleshoot Cisco Unified Communications Manager and Cisco Expressway Series integration
- Describe the Cisco Expressway-C additional features
- Configure and troubleshoot Cisco Collaboration solutions for B2B calls

## **Audience:**

This course is designed for professionals in job roles such as:

- Collaboration administrators
- Collaboration engineers

## **Prerequisite:**

You should have the following knowledge and skills before taking this exam:

- Session Initiation Protocol (SIP) and Extensible Messaging and Presence Protocol (XMPP) signaling protocol fundamentals
- Collaboration call control fundamentals of Cisco Unified Communications Manager
- Understanding of networking technologies
- Understanding of voice and video
- Knowledge of Cisco collaboration core technologies

The following Cisco courses can help you gain the knowledge you need to prepare for this course:

- Implementing and Operating Cisco Collaboration Core Technologies

(CLCOR)

- Understanding Cisco Collaboration Foundations (CLFNDU)

## Course Outline:

- **Configuring and Troubleshooting the Cisco Expressway Series**
- **Configuring Cisco Expressway Additional Features**
- **Configuring and Troubleshooting Cisco Unified Communications Manager and Cisco Expressway Series**
- **Configuring and Troubleshooting Cisco Collaboration Solutions for Business-to-Business**
- **Securing Business-to-Business Communication**
- **Configuring and Troubleshooting Mobile and Remote Access**
- **Integrating and Securing Mobile and Remote Access**
- **Configuring Cisco Webex Hybrid Services**

## Credly Badge:

### **Display your Completion Badge And Get The Recognition You Deserve.**

Add a completion and readiness badge to your LinkedIn profile, Facebook page, or Twitter account to validate your professional and technical expertise. With badges issued and validated by Credly, you can:

- Let anyone verify your completion and achievement by clicking on the badge
- Display your hard work and validate your expertise
- Display each badge's details about specific skills you developed.

Badges are issued by QuickStart and verified through Credly.
