**Provider: Cisco**

**Difficulty: Intermediate**

**Course Duration: 3 Days**

## **Cisco UCS Director Foundation v6.6 (UCSDF)**

### **About this course:**

The *UCSDF - Cisco UCS Director Foundation v6.6* course helps you understand concepts, architecture, and deployment use cases for Cisco UCS Director. You will gain hands-on experience in deploying basic Cisco UCS Director solutions. You will also practice using core features that most implementations require, such as services design, using the self-service portal for provisioning services, creating workflows that enable cloud automation and standardize IT services, and more.

### **Course Objective:**

- Understand Cisco UCS Director architectures
- Understand deployment models of Cisco UCS Director
- Configure virtual data centers, policies, and catalogs
- Understand the unified infrastructure management capabilities of Cisco UCS Director
- Understand orchestration and build advanced workflows

- Understand application containers

## **Audience:**

- Data Center Architects
- Cloud infrastructure Architects
- Network Engineers
- System Administrators
- Storage Administrators
- System Engineers who work in data center solutions and manage data center management policies
- Cisco Integrators and Partners

## **Prerequisite:**

Learners should have the following knowledge and skills before attending this course:

- General knowledge of cloud and data center virtualization
- Knowledge of Cisco UCS, NetApp storage, Cisco Nexus switches, and VMware vCenter
- Knowledge of data center processes and best practices

## **Course Outline:**

### **Module 1: Introducing Cisco UCS Director**

- Lesson 1: Understanding Data Center Challenges
- Lesson 2: Understanding the Benefits of Cisco UCS Director

### **Module 2: Understanding Cisco UCS Director Components**

- Lesson 1: Explaining Cisco UCS Director Architecture
- Lesson 2: Explaining Bare-Metal Agent

### **Module 3: Understanding Cisco UCS Director Deployment**

- Lesson 1: Explaining Cisco UCS Director Deployment
- Lesson 2: Explaining Global System Settings
- Lesson 3: Understanding Site and Pod Management

### **Module 4: Understanding Cisco UCS Director Infrastructure Management**

- Lesson 1: Understanding Cisco UCS Director Deployment

### **Module 5: Understanding the Design Phase**

- Lesson 1: Understanding Policies
- Lesson 2: Understanding vDC and Groups Use Case

## Module 6: Understanding Deployment through Self-Service Portal

Lesson 1: Understanding Self-Service Provisioning Portal

Lesson 2: Understanding Service Request

## Module 7: Introducing Orchestration

Lesson 1: Understanding Orchestration

## Module 8: Reporting and Monitoring in Cisco UCS Director

Lesson 1: Understanding Chargeback in Cisco UCS Director

Lesson 2: Understanding Reports in Cisco UCS Director

## Module 9: Introducing Application Containers

Lesson 1: Understanding Application Containers

### Labs:

- Guided Lab 1: Configure Cisco UCS Director
- Guided Lab 2: Cisco UCS Director Discovery
- Guided Lab 3: Cisco UCS Director GUI Familiarization
- Guided Lab 4: Service Design
- Guided Lab 5: Catalogs
- Guided Lab 6: Self-Service Portal
- Guided Lab 7: Orchestration Workflow Design
- Guided Lab 8: Advanced Workflow Design
- Guided Lab 9: Create Application Container

### Credly Badge:

### Display your Completion Badge And Get The Recognition You Deserve.

Add a completion and readiness badge to your LinkedIn profile, Facebook page, or Twitter account to validate your professional and technical expertise. With badges issued and validated by Credly, you can:

- Let anyone verify your completion and achievement by clicking on the badge
- Display your hard work and validate your expertise
- Display each badge's details about specific skills you developed.

Badges are issued by QuickStart and verified through

Credly.
