- Acquire the skills needed to build and manage a fundamental Access 2016 database
- Learn how to customize a form layout in order to make data entry more efficient and usable.
- Learn how to quickly share data across various applications.
- Learn to work with macros to create a better user interface design.
- Learn how to use VBA to enhance tasks.
- Learn how to better organize data into suitable tables to ensure data dependency and minimize redundancy.
- Ensure sharing with multiple users by learning how to lock down and preparing databases for this purpose .
- Design and modify a database switchboard and set the startup options.

Audience:

This course is targeted towards the following audience;

- Those who are database administrators or aspire to become database administrators.
- Those who have some working experience with Microsoft Access 2016 but need to polish their advanced skills .

Prerequisites:

These are the prerequisites which are an absolute requirement for attending this course.

- Some experience working with Microsoft Access 2016.
- A fundamental knowledge of database design and creation, form design and

creation and designing and generating

- A strong basic knowledge of database querying and the various table relationships is needed to successfully master this course.

Suggested prerequisite course:

The following courses are suggested to be taken prior to attending this course

- Access 2016 Beginner- Part 1

Course Outline:

- Introduction
- Turning Your Database Folder into a Trusted Location
- Filtering by Form
- Columnar Form Views - Part 1
- Columnar Form Views - Part 2
- Tabular Forms
- Split Forms
- Justified Forms - Part 1
- Justified Forms - Part 2
- Form Sections
- Adding Graphic Elements
- Hand-Built Forms
- Creating Forms from the Query
- Building Forms from the Query
- Tracing Dependencies from Form to Query to Table
- Multi-Page Tabbed Forms
- Parent and Child Forms - Method 1
- Parent and Child Forms - Method 2
- Parent and Child Forms - Method 3
- Form Wizard's Datasheet Layout
- Wrapping Up

Credly Badge:

Display your Completion Badge And Get The Recognition You Deserve.

Add a completion and readiness badge to your LinkedIn profile, Facebook page, or Twitter account to validate your professional and technical expertise. With badges issued and validated by Credly, you can:

- Let anyone verify your completion and achievement by clicking on the badge
- Display your hard work and validate your

expertise

- Display each badge's details about specific skills you developed.

Badges are issued by QuickStart and verified through Credly.
