**Provider:** Microsoft

**Difficulty:** Intermediate

**Course Duration:** 10 Hours

## Developing Solutions for Microsoft Azure (AZ-204T00)

### About this course:

This course teaches developers how to create end-to-end solutions in Microsoft Azure. Students will learn how to implement Azure compute solutions, create Azure Functions, implement and manage web apps, develop solutions utilizing Azure

storage, implement authentication and authorization, and secure their solutions by using KeyVault and Managed Identities. Students will also learn how to connect to and consume Azure services and third-party services, and include event- and message-based models in their solutions. The course also covers monitoring, troubleshooting, and optimizing Azure solutions.

## **Audience:**

- Students in this course are interested in Azure development or in passing the Microsoft Azure Developer Associate certification exam.

## **Prerequisites:**

- Students should have 1-2 years professional development experience and experience with Microsoft Azure. They must be able to program in an Azure Supported Language.

## **Course Outline:**

This Course Includes:

- Course Introduction
- Module 1: Creating Azure App Service Web Apps
- Module 2: Implement Azure Functions
- Module 3: Develop Solutions that Use Blob Storage
- Module 4: Develop Solutions that Use Cosmos DB Storage
- Module 5: Implement IaaS Solutions
- Module 6: Implement User Authentication and Authorization
- Module 7: Implement Secure Cloud Solutions
- Module 8: Implement API Management
- Module 9: Develop App Service Logic Apps
- Module 10: Develop Event-Based Solutions
- Module 11: Develop Message-Based Solutions
- Module 12: Instrument Solutions to Support Monitoring and Logging
- Module 13: Integrate Caching and Content Delivery within Solutions

## **Credly Badge:**

**Display your Completion Badge And Get The Recognition You Deserve.**

Add a completion and readiness badge to your LinkedIn profile, Facebook page, or Twitter account to validate your professional and technical expertise. With badges issued and validated by Credly, you can:

- Let anyone verify your completion and achievement by clicking on the badge
- Display your hard work and validate your expertise
- Display each badge's details about specific skills you developed.

Badges are issued by QuickStart and verified through Credly.
